

Taos Public Education Fund Teacher Grant Application Announcement – 2019

Overview: The Taos Public Education Fund (TPEF) was established as a component fund of Taos Community Foundation, a non-profit, tax exempt philanthropic organization, independent of the Taos Municipal School District, but complementing it through partnership. The fund, established in 2005, is guided by an Advisory Committee that participates in fundraising to build the endowment and direct grant making activities.

The Taos Public Education Fund is dedicated to enhancing and improving the education of every student in the Taos public schools. TPEF partners with Taos Municipal School District, Taos Community Foundation, and dedicated members of our community working with the belief that every student deserves a high-quality education in a system devoted to equity, diversity, and social justice.

The **vision** of the Taos Public Education Fund is that every student in the Taos Municipal School District will graduate from high school with the tools necessary to succeed as a productive citizen. The **mission** of the Taos Public Education Fund is to enhance the academic experience of all students in Taos Municipal School District, by supporting and funding learning opportunities not otherwise available to them.

TPEF has committed funds for the 2019-2020 school year as part of a competitive cycle extended specifically to teachers and school professionals in the Taos Municipal School District. **All applicants will be notified of grant decisions on October 31, 2019. Grants will be awarded on November 14, 2019 as part of a Grant Reception Celebration.**

Who can apply? Any school personnel who work directly with students – teachers, principals, counselors, librarians, etc, may apply for grants up to \$300.00. Proposals involving multiple classrooms or school-wide projects may apply for grants of up to \$500.00. You may submit grant proposals for more than one project, although in general, individuals are not awarded more than one grant.

If you teach/work at more than one school and are applying for projects at more than one school, please submit a separate grant application for each project, at each school. A maximum of 5 awards will be offered to After School or Student clubs in this funding cycle. Club activities must be directly supportive of academic enrichment to be eligible for funding.

Previous grantees are eligible to apply in this new cycle, **provided that all previous grant reports have been completed and are considered *Closed in Good Standing* by the Foundation.** To submit a proposal, complete a formal grant application (“Teacher Grant Application”), which can be downloaded from the Taos Community Foundation’s website (www.taoscf.org). All projects and programs deemed eligible for funding will be considered by the TPEF Advisory Committee and all applicants will be notified of the results of their application. **Grantees may receive site visits, and will be required to submit an end of the year report detailing progress/outcomes and all original receipts for purchases/expenses.**
